Payment Plan Agreement

Our goal is to offer you, the customer a way to either **SAVE MONEY**, spread payments over a longer period of time or to pre-buy some heating fuel to relieve some burden in the winter months. All auto w/ cred card, pre-buy and budget payment plans will require automatic deliveries or scheduled that is determined by using daily temperatures, consumption, and a special formula.

Auto w/Credit Card on File Plan

We don't want to charge you extra money that's not necessary. This is the ideal plan for someone who can afford paying for a fill when the tank is getting low. Using our Degree Day System, we set the system to estimate when your tank is ½ empty, that way it is affordable to all of our customers. **We will deduct \$.10 off the already low cash price.**

Charges on your credit card for the fuel delivery take place the following business day after the delivery. The \$0.10 discount will be applied to your metered ticket for your records.

It is your responsibility to notify the office with any credit card updates immediately (i.e. change of card number, new expiration date, or anything that may cause a card to be declined) If payment is not made the next day, you will be in default. See terms below.

Coupons and other discounts DO NOT apply to deliveries made under this program.

This is a self-renewing plan until you the customer have notified a representative at the JAM Fuel office and have received written verification that the plan has been ended.

If for any reason your fuel usage is increased (i.e. more people in the home, construction, or anything that may alter your usage) it must be reported to us immediately. You agree that outages resulting from past due account balances, a change in rate of consumption from your prior deliveries, tank and/or venting problems, or incorrect usage information are not the responsibility of JAM Fuel.

You must be on automatic or scheduled deliveries. Tanks must be filled prior to contract taking effect.

**See General Terms and Condition for other items that might apply

Budget Plan

If you start the program late and our payments have already begun, you are responsible for catching up back payments or getting an office approval to extend the 10 month bill out.

For added convenience, your monthly Budget Plan Payment can be automatically billed to your VISA, MasterCard, Discover or AMEX.

Payment terms are equal payments beginning August 1st, 2017 and ending May 31, 2018 resulting in a 10 month plan off your estimated fuel usage, **due on the 1st** of each month. Budget payments received after the 10th of the month will be considered late and deliveries will be suspended.

We will charge our posted cash price which is determined at the time of delivery.

Coupons and discounts DO NOT apply to budget payments or deliveries made under this program.

All outstanding funds on May 31st 2018 will remain on the account for a service work, summer delivery and /or the following season at the daily cash price. No credits balances will be returned.
